ABANDONED APPLICATION

Office of Petitions
Commissioner for Patents
P.O. Box 1450

SIR:

Applicants request that the holding of abandonment of the above-identified application be withdrawn.

Following the guidelines outlined under MPEP § 711.03(b), under the heading "II. Petition to withdraw holding of abandonment based on failure to receive office action" that follow the holding in *Delgar v. Schulyer*, 172 USPQ 513 (D.D.C. 1971), applicants' undersigned representative states that the Office communication dated September 10, 2002, was not received by or firm and attests to the fact that a search of the file jacket and docket records indicates that the Office communication was not received.

Attached to this statement is a copy of the docket record where the nonreceived Office communication would have been entered had it been received and docketed. No action is indicated for attorney docket number Merck-2358 for November 10, 2002, which was the due date for action on the Office communication dated September 10, 2002.

As indicated under the same section of the MPEP as identified above, under the heading "Petition Fee Requirement," no fee is due for this petition.

Granting of this petition is respectfully requested.

Once this petition is granted, applicants request that the attached Declaration be entered into the application. This Declaration is responsive to the Office communication dated September 10, 2002.

If the above requested petition is not granted, applicants request in the alternative that this petition be considered as a request that the above-identified application unintentionally abandoned be revived.

Attached to this Petition is a signed Declaration by all the inventors and a copy of the Notice of Defective Response Abandonment mailed on February 3, 2004, from the USPTO. The unavailable inventor is no longer unavailable and has signed the Declaration on May 7, 2004, along with the other inventors.

The entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition was unintentional.

The Commissioner is hereby authorized to charge any fees associated with this response, including the petition fee of \$1,300.00 as set forth in § 1.17(m) to Deposit Account No. 13-3402.

Respectfully submitted,
